

Improving the quality of education

Our Vision

Our vision is an Africa where every child has equal access to education, as we believe education is the key to overcoming poverty.

We don't just build infrastructure, we empower whole communities – pupils, teachers and parents – to transform government-run and parent-run schools into thriving learning environments that build brighter, better futures.

Where we work in Africa

Uganda

Zambia

South Sudan

We have worked with primary and nursery schools in Uganda, Zambia & South Sudan since 2005 – some of the poorest countries in the world – to allow every child to fulfil their potential.

Building Schools ... from this ...

To this ...

In 2018/9 we built or refurbished 27 classrooms

**We provide text
books and
classroom furniture**

Building Teacher Housing

Last year we built 6 homes for teachers and their families

Providing access to clean water

Only 5 per cent of rural communities in Zambia have access to basic hygiene services, i.e. a handwashing facility with soap and water

We're building boreholes

Poor water, sanitation and hygiene are the main causes of infections like cholera and diarrhoea

**Last year we
built many
shower and
changing
rooms, and
latrines for
boys, girls, and
teachers**

Livelihood Programmes

School Demonstration Farms

Playgrounds

Learning through
play

(we can send you a link)

What we need help with ...

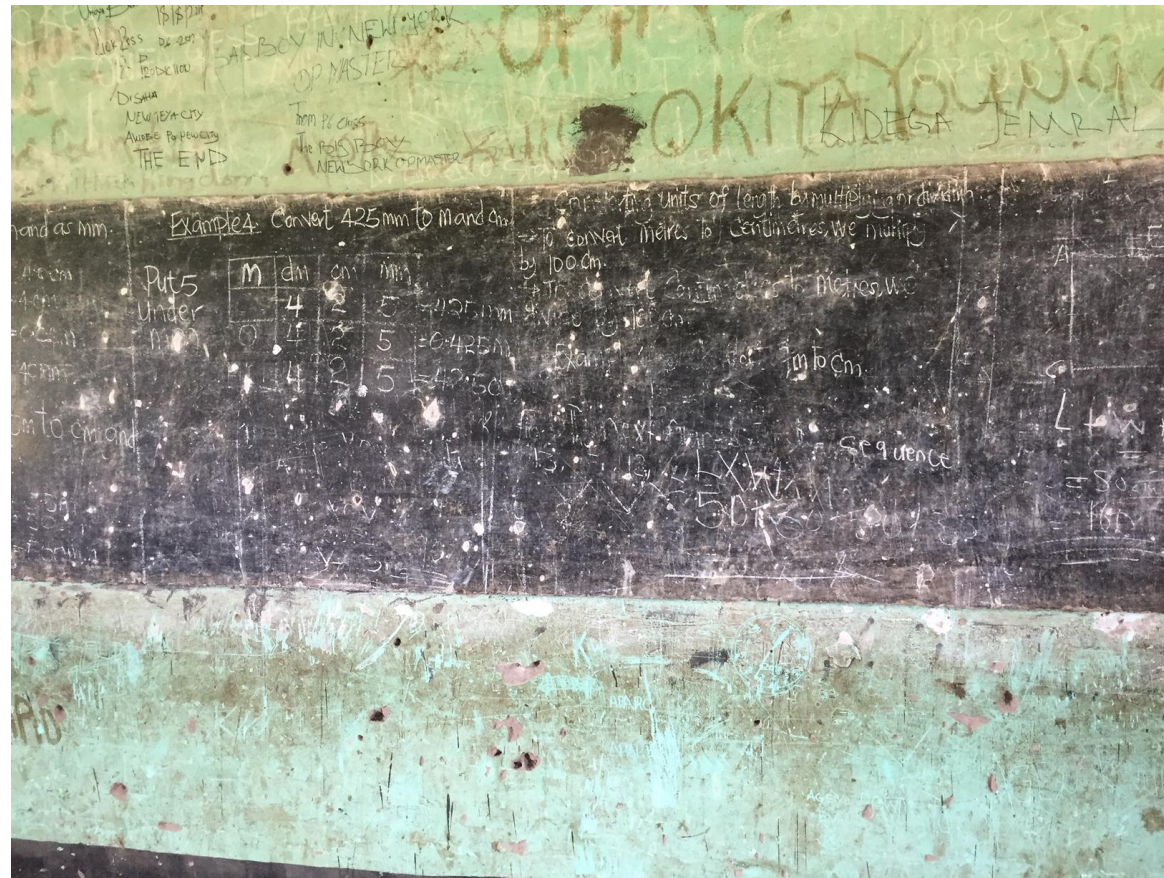

Many classrooms in Uganda have little or no furniture

Children sit on the floor

Can you see anything?

African Revival can transform classrooms with new blackboards & Furniture

A new blackboard costs £100

A new desk with bench to seat 4 or 5 pupils costs £60

A new desk and chair for the teacher costs £90

Improving the quality of education
